Mr. Fred J. Christensen,
11 Wilmot St.,
Watertown, Mass.

Dear Dr. Christensen :

I am sorry to answer your letter with some delay due to my recent absence from Lima.

I will be glad to follow your advice, and in consequence we like to have a Type 10 treadmill with the P.I.V. unit. We intend to use it for adults. Any other useful or practical modification you like to introduce will be satisfactory for us.

During my last visit to Boston I visited your shop and I felt sorry not to find you.

We are in an urgent need for this treadmill so your cooperation will be greatly appreciated.

With best regards,

Yours sincerely,

Dr. Alberto Hurtado
