

Lima, April 16, 1956

Dr. William Dameshek,  
New England Center Hospital,  
Harrison Ave. and Bennet St.,  
Boston 11, Mass.

Dear Bill :

I am glad to acknowledge your letter of March 20. I had been hoping to have Drs. Merino and Reynafarje attend the Congress of Hematology, but apparently lack of adequate economic support will now allow their trip.

Dr. Merino, who is chairman of the Society of Hematology here, is trying to secure the attendance of some members and he will write to you in the near future about this matter.

With best regards,

Sincerely yours,

Alberto Hurtado
