December 2, 1950

Doctor Alberto Hurtado
Sub Director Instituto de Biologia Andina
Lima, Peru

Dear Doctor Hurtado:

I am glad to inform you of your reelection as a Contributing Editor for PERU for the five year period beginning January 1951.

I am hoping that each Contributing Editor from each foreign country will submit an annual letter to us saying something about the contributions to hematology made in his country during the past year.

Would it be possible for you to do this for PERU?

With best regards, I am,

Sincerely yours,

Bill

William Dameshek, M.D.

WD:PA

Best regards to Merino et al. Hope to see you

Sansone Soan.

P.S. Please write me as to whether or not you accept this reelection.
