

January 10, 1951

Dear Dr. Hurtado,

I was very pleased to receive your letter of December 26th. Professor Houssay has also written suggesting that we spend a few more days in Lima. Our schedule now provides for our arrival in Lima at 7 A.M. on Monday, February 26th. I will be very pleased and honoured to be officially received by your Faculty and will be glad to give a conference. The evening of February 26th, 7 P.M., is very satisfactory. We now plan to stay in Lima until Saturday, March 3rd, when we will go on to Santiago.

My wife and I will be delighted to dine with Mrs. Hurtado and you on an evening convenient to you - perhaps Tuesday or Wednesday. We may try to see Cuzco on Thursday or Friday.

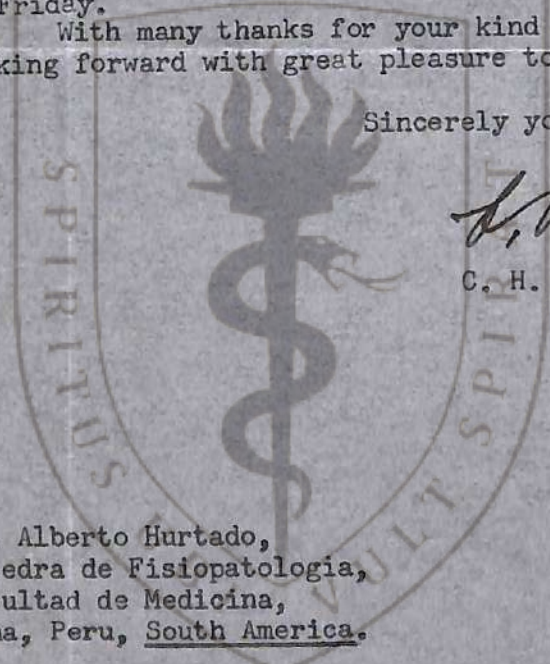

With many thanks for your kind invitations and looking forward with great pleasure to seeing you,

Sincerely yours,

C. H. Best

C. H. Best.

Dr. Alberto Hurtado,
Catedra de Fisiopatologia,
Facultad de Medicina,
Lima, Peru, South America.
