Dr. Alberto Hurtado
Facultad de Medicina
Catedra dr Fisiopatologia
Lima, Peru

Dear Dr. Hurtado:

There will be no difficulty in arranging for a round-table discussion on the polycythemia of high altitudes because the particular date that I suggested conflicted with one of the Dunham lectures. May I suggest either Wednesday, April 22 (or Friday, April 24 at 4) p.m. as a suitable time for the discussion. Just let me know which of these you prefer so that we can plan for it in advance.

Looking forward to the pleasure of having you with us in Boston in the near future.

Sincerely yours,

William B. Castle, M. D.
