Dear Dr. Hurtado:

I received your letter of May 16 and am arranging with Dr. Elmlinger to ship you an additional amount of Fe-59 that will be sufficient. At the time of shipment, I will send you another letter regarding it.

As for my own personal plans, the military have begun to interfere with my life and it is not clear yet as to whether I will be able to go to England or not. Certainly, if I do, I shall write you in advance and let you know if I shall be there or if this becomes impossible, I shall look you up at the meetings. Nevertheless, I look forward and hope that I shall see you there.

Very sincerely yours,

Nathaniel I. Berlin
Nathaniel I. Berlin, M.D.
