Dear Dr. Hurtado:

Enclosed is a copy of the program for the Final Clinic of the Graduating Class which was held on Friday evening, June 5, 1959. Since you were not able to attend, you expressed a desire to see the program and, hence, I am sending it to you. The last clinic has become a tradition in our school and is indeed a pleasant occasion for students, faculty and the families of the graduating class.

It was a pleasure to meet you and Mrs. Hurtado during your visit in Rochester last week. I regretted that I did not personally have more time to spend with you and I also regretted that our medical school classes were not in session so that our students did not have an opportunity to hear your fine lecture. The members of our staff who were able to be present greatly enjoyed your talk.

We hope that you and Mrs. Hurtado will be able to pay us another visit in the near future and for a much longer period of time.

With best wishes and kindest personal regards.

Sincerely yours,

Lawrence E. Young
